## **ATTACHMENT A**

On October 16, 2019, Alfaro Aguilar entered the United States in a maroon tractor-bearing Mexico plates 482EX8 and trailer bearing Mexico plates 38TZ6R. The tractor was referred to secondary area for further inspection where CBP officers conducted an x-ray of the tractor-trailer. CBP officers then ran a K9 around the tractor trailer and the K9 alerted a positive alert for the presence of narcotics. CBP Officers conducted a more thorough inspection which resulted in the discovery of 17 bundles of suspected methamphetamine inside of the spare tire which was located in the under carriage portion tractor trailer. The bundles were field tested and tested positive for the presence of methamphetamine.

DEA Agents responded to the Pharr Port of Entry and advised Alfaro Aguilar of his Miranda Rights. Alfaro Aguilar waived his rights and agreed to speak with agents. Upon interview, Alfaro Aguilar stated that he was advised by co-conspirator to transport the suspected methamphetamine into the United States and was waiting on further instructions as to where to deliver the narcotics.
